

MICRO[®] Ultra light plastic ear tag for sheep and goat

- Size MICRO[®] tag: 9 x 35 mm
- Weight: 1,8 grams
- Range of colours:
Red, green, blue, yellow,
orange, grey, white and pink

MICRO[®] is a small, lightweight ear tag, suited to new-born lambs and kids

Optimum retention

MICRO[®] is made of soft, flexible polyurethane, a soft plastic compound that keeps its shape. The material and design ensure optimum retention.

MICRO[®] tolerates significant temperature variations, sunlight and wear and tear.

Laser printing

Easy-to-read alphanumeric characters, bar codes and logos are laser printed and remain legible throughout the lifetime of the animal.

MICRO applicator

Apply with a MICRO applicator, a light, impact-resistant plastic applicator that fits well in the hand and is easy to use.
